Introduction – Who is Captain Community

# Who is Captain Community?

I treat people how I like to be treated.

I try my best with everything I do. I am kind and care for others.

I am able to talk about my feelings. Sometimes I get angry or sad but I talk about this with my friends.

When I have wronged someone I try to understand how they feel and say sorry.

I always tell the truth, and look after things around me.

I am polite and practice my manners.

My culture is important to me and I like to  
Learn about the cultures of others
